Legal Training Services aim is to improve the ability of those employed in Legal Offices. To develop their potential and quality of work by providing knowledge of Practice and Procedure in the Legal Office environment.

Law courses teach what “Law” is, the theory behind the case and the application of our Laws. We teach the Practice, Procedure, the Process of Legal Forms, and the knowledge required to undertake daily duties in all areas to benefit the development and role of staff in Legal Offices.

Our objective is to show staff in Legal Offices at every level why they are doing what they are asked to do and the essential methodologies behind such tasks.
